

Fire Area Closures 2006-2007

Mt. Pinos and Ojai Ranger Districts Los Padres National Forest

Areas burned during the recent Day and Scott Fires will remain closed to public entry through the spring 2007 rainy season. This closure is needed to prevent further damage to soils and plants and allow the watersheds to begin their recovery from the fire. In addition, there are many fire-related safety hazards within the closed areas including damaged and unstable trails, roads and slopes; snags; and significant potential for mudslides, rockslides and flash flooding.

This temporary closure prohibits all public entry to national forest lands, trails, roads and recreation sites within the area shown on the accompanying maps. The closure does not apply to private land.

Forest managers will continue to assess conditions in the fire areas and will reopen the closed areas based on safety and resource recovery concerns.

For more information regarding the closures visit the Los Padres National Forest website, or call the Mt. Pinos Ranger District Office in Frazier Park, at (661) 245-3731, or the Ojai District Office in Ojai, at (805)646-4348.
