### THE LAST DESCENT

Join a group of world class whitewater kayakers to some of the worlds most amazing rivers...descending them possibly for the last time.

The Marsyangdi River of Nepal, the Brahmaputra River in India and the White Nile River in Uganda are all threatened or are in the process of being destroyed by large scale hydroelectric projects. The film closes in California with the Tuolumne River and the growing movement to restore Hetch Hetchy Valley in Yosemite National Park.
