

41 LEGAL AND ADMINISTRATIVE ACTIONS AGAINST THE TRUMP ADMINISTRATION IN 2018

OBJECTIONS & APPEALS

We objected to a new oil well in the Carrizo Plain, secured stronger protections for Big Sur wilderness, and sought transparency for public lands management.

TECHNICAL LETTERS & REQUESTS

We opposed two commercial logging projects, urged formal protection for a rare plant, and submitted comments against a plan to drill and frack iconic Central Coast landmarks

LITIGATION FILINGS

We challenged a rollback of oil industry methane standards, and took action to protect wildlife and the Carrizo Plain National Monument.

FREEDOM OF INFORMATION ACT REQUESTS

We requested access to public records regarding oil development on the Carrizo Plain, fracking, commercial logging projects and more.

We joined a chorus of voices from conservation groups around the country defending bedrock environmental protection standards from White House rollbacks.

NATIONWIDE ACTIONS

We launched our Action Center and engaged thousands of people throughout the Central Coast to take a stand for their public lands during formal public comment periods.
