Lauren Baeta
PG&E Fuels Grant Program Manager
Pacific Gas and Electric Company
P.O. Box 997300
Sacramento, CA 95899-7300

Dear Ms. Baeta,

In response to your February 4, 2020 letter announcing your 2020 PG&E USFS Fuels Reduction Grant Program please find attached our submission. The Los Padres National Forest appreciates the effort PG&E is putting forth to improve the health of our National Forests and to protect communities from catastrophic wildfires. We are eager to partner with PG&E in your 2020 Fuels Reduction Program.

I understand this grant opportunity may be very popular and competitive. I want to let you know that even partial funding of our proposal would be greatly appreciated.

If you have questions regarding the application or our proposal please contact Susan Shaw, Forest Ecosystems, Fuels and Prescribed Fire Staff Officer at 805-961-5709 or susan.shaw@usda.gov or Brandon Stephens, Forest Planner and Vegetation/Fuels Program Manager at 805-961-5716 or brandon.l.stephens@usda.gov.

Sincerely,

KEVIN B. ELLIOTT
Forest Supervisor
